كايير ٤ الكهروميكانيكية (ش. ذ. م. م.)
CARE 4 ELECTROMECHANICAL L.L.C.
[Electromechanical Engineers & Solar Contractors]

INTRODUCTION

A Leader in the field of Mechanical, Electrical, Plumbing, HVAC and Solar Engineering, Switchgears and Contracting with an experience of 12 years, CARE4 Electromechanical L.L.C. offers comprehensive services as a single or multi-service engineering contractor for both small and large projects.

Headquartered in Dubai, CARE4 Group maintains overseas offices in India as well.

With an established reputation for providing high quality service, CARE4 Electromechanical L.L.C. depends on the integrity of their staff to deliver professional excellence.

CARE4 Electromechanical L.L.C. views each project as an opportunity to give our clients creative engineering solutions while building a relationship of mutual trust and respect.

MISSION

CARE4 Electromechanical L.L.C. intend to optimize all aspects of operational performance through the identification and implementation of productivity and profitability improvements through organization structure, workflow, staff skills and effectiveness. The following statements encapsulate the vision that CARE4 Electromechanical L.L.C. have developed to describe their planned activities, in terms of repositioning the business so as to achieve:

- A strong focus on input and efficient manpower planning and utilization.
- A continuous improvement culture which identifies and maximizes both internal and external service delivery
- A focus on developing and enhancing the skills and management techniques of the CARE4 Electromechanical L.L.C. employee population, to meet future demands and commercial pressures to drive bottom line improvement
- To improve the levels of proactive management information and reporting
- Integrate various administrative, HR and back office functions

CARE4 ELECTROMECHANICAL L.L.C.

CARE4 Electromechanical L.L.C. since 2004 has been committed to delivering quality engineering with professionalism and reliability.

Prioritizing our client's requirements, being aware of and flexible to constantly changing market needs has made CARE4 Electromechanical L.L.C. the first choice for Switchgear, mechanical, electrical, plumbing, HVAC and Solar services. CARE4 Electromechanical L.L.C. believes in focusing on co-operation and the common goal of timely and cost effective project completion.

Placing the emphasis on multi-services co-ordination and a combined team approach, CARE4 Electromechanical L.L.C. appoints a highly qualified and experienced project engineer to lead their full time, site based project management team. The project engineer establishes a complete understanding of the clients' needs and is the central point of communication, giving our client confidence and total access to CARE4 Electromechanical L.L.C. Diversity and experience.

The project management team meticulously prepares project specific plans and schedules. Detailed method statements and integrating and sequencing of all activities from order to hand-over along with continuous progress monitoring, ensure and effective and productive management system.

كايير ٤ الكهروميكانيكية (ش. ذ. م. م.) CARE 4 ELECTROMECHANICAL L.L.C. [Electromechanical Engineers & Solar Contractors]

SERVICES

Care4 Electromechanical L.L.C. offers the following services:-

- Planning
- Co-ordination
- Engineering
- Procurement & Inspection
- Project Management
- Installation
- Testing & commissioning
- Operation & Annual Maintenance Contracting
- Switchgear Production
- Dubai Electricity & Water Authority approvals for Electricity ,Water and Solar projects

Our contracting division specializes in the following services:

Mechanical

Air Conditioning, controls, plant and machinery installation, refrigeration, ventilation and air treatment.

Electrical

Generating plant, power distribution systems lighting, fire detection and alarms, power and control systems, data and structured cabling, Communication systems & Industrial process services.

Plumbing

Cold water, drainage, fire protection, plumbing and sanitation rainwater, sewage treatment, swimming pools and water treatment.

Solar

Supply and installation of complete solar system as per DAWA Standards as we are DEWA approved contractor

Offshore & Industrial

Marine & Offshore, instrumentation, pumping stations, water treatment plants.

DIVISIONS

- Switchgear division
- Contracting division
- Offshore & Industrial Division
- HVAC division
- Solar division

Health & Safety

Care4 Electromechanical L.L.C. has a health & Safety plan that is applied in all contracts and is intended to contribute and enhance project facilities.

The Health & Safety plan ensures compliance with company safety procedures and provides for safety orientation and training of all personnel prior to commencement of work on site. The purpose of the Health & Safety plan is to establish an efficient and discipline organization that is responsible and accountable for all aspects of related works.

QA / QC

All site and office based activities are carried out in accordance with a "project specific" quality plan in agreement with the client and main contractor. The project is subject to regular and stringent QA / QC auditing procedures to ensure that the services provided are fully compliant with our certification.

CARE 4 ELECTROMECHANICAL L.L.C.
[Electromechanical Engineers & Solar Contractors]

QUALITY POLICY

Our policy is to identify the needs of our customers and satisfy them by our quality products and service delivered on time, in conformance with their requirement, through professionally trained employee and support by our principles.

To implement this policy CARE4 Electromechanical L.L.C. will ensure:

- To monitor manufacturing process towards building quality into our systems and services.
- To systematically evaluate and monitor the performance of our sub – contractors to assure the quality of Sub contracted services.
- To strive for continuous improvements through systematic identification for the root causes behind the non - conformities and subsequent elimination of the same.
- To provide timely delivery of our services to our customers.
- To ensure the involvement and upgrading the skills of the employees through training.

WARRANTY

The equipment, we supply carry our inherent warranty against manufacturing or operational defects for a period of 18 months from the date of delivery or 12 months from the date of commissioning, whichever is earlier.

Values

Commitment to Better Service, Better Quality, Prompt Completion...

To strive for the continuous development of the group as the leading provider of professional and quality multifaceted support services.

To continually work in partnership with its clients provide the highest levels of quality - controlled standards across its full range of services.

To continually develop its awareness and responsibilities, to client, communities, the general public and the environment.

We care quite confident that which our sufficient technical expertise, we can offer our products and services to meet your exact specification & needs for various projects, which you may be dealing from time to time.

CARE 4 ELECTROMECHANICAL L.L.C.
[Electromechanical Engineers & Solar Contractors]

SWITCHGEAR DESIGN & PRODUCTION

LV Switchgear and control panels are designed and manufactured in accordance with local & international standard specification. Any combination of Insulation voltage, Busbar current rating, temperature rise, degree of protection & short circuit withstand capability can be provided as per client's Switchgear specification.

Our Switchgear products:-

- Low voltage panels up to 2500A (form 2,3& 4).
- Main distribution Boards (MDBs)
- Sub Main Distribution Boards (SMDBs)
- Final Distribution Boards (FDBs)
- Motor Control Centre (MCC) Modular type.
- Motor Starter Panels (D.O.L/Star-Delta / Auto transformer type)
- Pump control panels.
- HVAC control panels.
- Power factor Improvement Panels (Fixed & Automatic Capacitor Banks).
- Control & Instrumentation panels.
- Feeder pillars & lighting control panels.
- Filling station Control panels.
- AMF/ATS Panels.

Inspection, Testing & Quality Control

All switchboards and control panels manufactured at Care4 Electromechanical L.L.C. undergo a systematic process of inspection at each stage of their production. Starting from receiving material inspection, our quality control department ensures quality through procedural implementation of in-process inspection and final inspection & testing.

Quality checks are applied at four levels:-

1. Visual checks.
2. Conformance to detailed drawings & specifications.
3. Insulation voltage withstand test for dielectric strength of insulation system.
(High voltage Test)
4. Functional tests of relays and other components through secondary current injection.

Inspection, Testing & Quality Control

CARE4 Electromechanical L.L.C. can tailor a solution for any of L.V. Switchgear requirement by its clients from varied sectors of business such as:-

- Residential & commercial
- Industrial Installations
- Power stations
- LV substations
- Desalination Plants
- Petrochemical
- Military
- Agriculture/Horticulture
- Irrigation/Sewage pumping stations
- Marine/ Off-shore
